

euphoria is a feeling of

Tue, 15 Jan 2019 23:49:00 GMT euphoria is a feeling of pdf - Euphoria (/juːˈfɪər i ˈiː/ ()) is the experience (or affect) of pleasure or excitement and intense feelings of well-being and happiness. Certain natural rewards and social activities, such as aerobic exercise, laughter, listening to or making music, and dancing, can induce a state of euphoria. Euphoria is also a symptom of certain neurological or neuropsychiatric disorders, such as mania. Wed, 16 Jan 2019 10:41:00 GMT Euphoria - Wikipedia - Short-Term Effects People who use heroin report feeling a "rush" (a surge of pleasure, or euphoria). However, there are other common effects, including: Sun, 13 Jan 2019 20:10:00 GMT DrugFacts: Heroin | National Institute on Drug Abuse (NIDA) - Recreational drug use is the use of a psychoactive drug to induce an altered state of consciousness for pleasure, by modifying the perceptions, feelings, and emotions of the user. When a psychoactive drug enters the user's body, it induces an intoxicating effect. Generally, recreational drugs are in three categories: depressants (drugs that induce a feeling of relaxation and calm); stimulants ...
